

# Study on Browser Fingerprinting Report #1

Aug 08, 2016 · You receive every 4 weeks a new report during your study participation

## Your Participation Overview

Your participation time until now (in days)	171.1
Your total number of distinct fingerprints	16
Your total number of unique fingerprints	13 (81.2%)
Number of visits for fingerprint measurement	33
Fingerprint measurements per week in average	1

0% of the participants have measured their fingerprint **less often** and **52.29% more often** per week than you. **47.71%** of the participants have measured their fingerprint **as often as you** per week.

## Your Recognizability

If a fingerprint remained constant over at least two measurements, it can be used to recognize you. Obviously, the statements about your recognizability highly depend on your participation time and frequency of measurements. If you want to get more accurate recognition times for your fingerprints, visit the weekly links more often (e.g., daily). Considering all of your unique fingerprints, following **top 3 recognition periods** resulted for you:

No.	Desktop Browsers	Fingerprint stability				Other's max. desktop recognizability compared to you		
		recognizable?	days	#clicks	period of time	lower	equal	greater
1	Safari Mac OS X 10	yes	119.19	7	2016-04-02 09:44:41 - 2016-07-30 14:21:36	98%	0%	2%
2	Safari Mac OS X 10	yes	21.81	3	2016-04-29 16:20:44 - 2016-05-21 11:45:58	74%	0%	26%
3	Chrome Mac OS X 10	yes	0	2	2016-02-19 12:42:00 - 2016-02-19 12:45:41	0%	25%	75%

No.	Mobile Browsers	Fingerprint stability				Other's max. mobile recognizability compared to you		
		recognizable?	days	#clicks	period of time	lower	equal	greater
1	Mobile Safari iOS 9	yes	51.84	6	2016-05-27 17:15:00 - 2016-07-18 13:24:01	84%	0%	16%

## Study Overview

Total number of study participants	981
------------------------------------	-----

---

Total number of distinct fingerprints within the study	6090
Total number of unique fingerprints within the study	5855 (96.1%)
Average number of fingerprints per participant	6.8

---

**Thank you** for participating in our online study on <https://browser-fingerprint.cs.fau.de>. This report was automatically generated on 2016-08-08 15:27:19 and contains intermediate results based on data collected until this date. You can find further statistics on <https://browser-fingerprint.cs.fau.de/statistics>. During the study, we perform optimizations on our fingerprint method, which is why some data might change between the reports we send you.
